

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Among the appointments made by the war department and announced recently were the following Vermonters: First Lieutenant, medical, Dean S. Drake, White River Junction, and second lieutenant, dr service (aeronautics), John J. Lynch of Rutland.

Mr. and Mrs. Marcellus Lucier died in St. Albans Monday evening. Mr. Lucier was 41 years of age and was formerly in the law office of Bates, May & St. John, St. Johnsbury. In 1916 he was elected state's attorney and had practiced law in Orleans for the past 14 years.

J. Colby Stoddard, a prominent lawyer of Orleans, died Saturday of pneumonia. He was 41 years of age and was formerly in the law office of Bates, May & St. John, St. Johnsbury. In 1916 he was elected state's attorney and had practiced law in Orleans for the past 14 years.

H. H. Colburn of Wellesley, Mass., has been engaged as the director of the industrial education department in the Rutland high school at a salary of \$1,800 a year. This is a new branch of work in Rutland, and Mr. Colburn is considered well fitted for the place, as he has had six years of practical experience in shop work and has taught for the last seven years. He received his training in the Kings Manual Training school in Cambridge, Mass., and at the Massachusetts Institute of Technology, Boston.

All the fourth year medical men of the University of Vermont are engaged in various parts of the state in helping to check the influenza epidemic.

Dr. Henry J. Potter, a prominent Bennington physician, died this week of the influenza. He was 54 years old and so far as known leaves no relatives.

Mr. and Mrs. Bert Ward of Morrisville have received word that their son, Ernest, reported seriously wounded in France, was killed. Their other son, Frank, is seriously ill with pneumonia.

Mrs. Archie Daignault of Winoski, on her way to the Mary Fletcher hospital to visit her mother, who is ill with typhoid fever, neglected to get off at the right place and then attempted to jump from the moving electric car. She had her baby in her arms and both were thrown with considerable force. The baby was injured, but Mrs. Daignault had to remain at the hospital for treatment for several days.

Leon P. Marcey, son of Mr. and Mrs. Louis Marcey of Johnson, died in a recruiting camp at Syracuse, N. Y., after three and one-half weeks of training. He was 27 years old and was to have been carried Oct. 1 to Miss Jennie McLeod of Boston. Pearl Devens, another Johnson boy, died at Camp Devens a few days ago of pneumonia. He was 21 years old and had been in the service but a few months.

Frank D. Squires of Rutland was fined \$150 for throwing from the E. W. Squires restaurant George Larnier of that city. It is alleged that there was some trouble over paying for a lunch that Larnier had just had. Larnier was badly cut about the nose and over one ear when he struck the sidewalk.

A pet cat belonging to Misses Mae and Emma Maguire of Hydeville, recently brought in a mouse that was marked like a Holstein cow, a large amount of white, and a few years ago one of their neighbors reported seeing one in his barn that was almost all white.

Malcolm Parent, a Vergennes young man, who had been at the mechanical training school at Tufts college only a few weeks, died there this week of influenza.

Mr. and Mrs. O. W. Edson, who have been employed for six years at Lake Mansfield in Stowe, have resigned and will move to their village home Dec. 1. Mrs. Edson had been housekeeper and head waitress, and Mr. Edson had been manager of the farm stock, fish hatchery and electric light plant.

Mrs. Freeman Willett of Burlington observed her 102d birthday anniversary at her home Sunday. She entertained a number of friends and received several presents. Mrs. Willett is enjoying good health and her eyesight is excellent. She is about the house daily and spends considerable time sewing and reading.

A black bear, weighing about 125 pounds, was shot at Bolton a few days ago by Frank May of Burlington.

Because six to eight of those who died of influenza in Castleton were employees of the Stasos Milling company, friends of the state board of health have been requested to perform an autopsy on the bodies to determine if there is anything about the business which would tend to hasten death in case of illness. In the grinding of the slate at dead arises, and the authorities wish to know if there is anything about it which would tend to lower a person's resistance to disease.

Judge Daniel Kellogg, 83, of Westminster, formerly postmaster in Brattleboro and some years ago one of the assistant judges of Windham county, died suddenly of heart disease Tuesday at his home.

Julian C. Taft, 52, of Townshend died Tuesday at the Memorial hospital in Brattleboro, where he had been brought to undergo an operation for diabetes, but was found too ill to be operated upon. Mr. Taft had been suffering from the disease for five years, but had kept about his work until a week before his death. In Townshend, where he had always lived except for one year in New York, he was a lumberman, truckman, undertaker and general business man.

Frank L. Wellman of Guilford, administrator of the estate of Newton H. Carpenter of Wilmington, has brought an action for tort for \$10,000 against E. I. DuPont de Nemours & Co., a powder company doing business in Delaware. The plaintiff seeks damages for the death of Mr. Carpenter, who, it is alleged, died of fumes and gases which were given off at the Deerfield Pulp company's factory, where he was employed previous to his death. This factory is owned by the DuPont de Nemours company.

Mr. and Mrs. Fay Chamberlin of Goshen have received word from the government that their son, Pvt. Harlan Chamberlin, previously reported as missing, was killed.

John B. Muzzy, 76, died last week at his home in Jamaica, of injuries received a few days previous when he was leading a cow into the barn. He was one of the best known cattlemen in New England and was considered one of the best judges of cattle values in Vermont.

The death of Mrs. Leon Covey of Wilmington with the influenza was particularly sad, because her husband and mother were too ill with the disease to attend

HAS SICK HEADACHE NO LONGER

North Adams Woman Enthusiastic Over the Remedy That Built Up Her Blood.

There is a certain relation between nervous headache, generally called sick headache, and thin blood. When the blood is thin and pale it cannot carry sufficient nourishment to the nerves, and headache and neuralgia pains follow. Thin blood also robs the digestive organs of their power and stomach disturbances are frequent in cases of anemia.

These conditions are illustrated in the case of Mrs. Eli Russell, of No. 18 Nelson street, North Adams, Mass., who was a victim of anemia for many years.

"Sick headaches that lasted for several days at a time were the first symptoms of an anemic condition," she says. "At times I had spells of melancholia and felt very nervous. I could not sleep well and my stomach was sour at times, and my appetite was very poor. Very often I had vomiting spells."

"For many years I had heard of Dr. Williams' Pink Pills and decided to try them. One box brought back my color, and I could see a general improvement. I took eight boxes in all."

"The headaches are entirely gone now, and my stomach gives me no trouble. I rest well and am refreshed by my sleep. Dr. Williams' Pink Pills are a wonderful tonic, and I am glad to recommend them whenever I have a chance."

When the blood lacks red corpuscles, it is a scientific fact that a course of treatment with Dr. Williams' Pink Pills will cause them to increase. This can be demonstrated by a microscopic examination, and anyone can prove it by looking in a mirror, for an increase in red blood shows quickly in the cheeks and especially in the lining membranes of the eyelids.

"Building Up the Blood" is a booklet full of useful information. Every mother and every growing girl should have one. It is sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills, or they will be sent by mail, postpaid, on receipt of price, fifty cents per box, six boxes for \$2.50. Do not pay more. Adv.

Word has been received in Burlington that Edward Belding of that city, a contractor at work on government projects, was fatally injured in an accident at Edgemoor, Pa., while on his way from Springfield, Mass., to Philadelphia. No particulars were given.

Harold M. Sumner, an engineer at the funeral, and it was the first time her father and brother had been out since their illness.

Dr. Vincent H. Coffey died at his home in Orwell Tuesday night after a week's illness with pneumonia. He was 29 years old and the second physician to die in Orwell within a week. The other was Dr. L. T. Ouellet. This leaves no physician in the place, and patients ill with the influenza are dependent on doctors from nearby places, who do what they can there in addition to their home patients.

MILLIONS USE IT TO STOP A COLD

"Pape's Cold Compound" Ends Severe Cold or Grippe in Few Hours

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine—Adv.

Vermont copper mines in South Strafford, was found on the Sharon road pinned under his automobile where he had been for 12 hours. One of his ankles was caught and every effort of release by himself had failed. The accident was caused by the dense fog, which made the auto lights of little avail. The car left the road and plunged away down a bank. Mr. Sumner's bruises were severe, but no bones were broken.

Charles Nichols and Merriam Rice of Bennington were before Judge Holden on Tuesday, charged with breaking into Charles Hinesill's summer cottage at North Bennington. They pleaded guilty, but sentence was deferred. Officer Hurley has recovered practically all the stolen property.

Dr. Charlotte Fairbanks left St. Johnsbury Tuesday for New York, from which port she expects to sail in a few days for her new work in France. She goes with the American Women's hospital units to be assistant surgeon in a military hospital at the front under the French government.

The large auto ferry which was used this summer by the Grand Isle Ferry Co. between Gordon's Landing and Plattsburgh, dragged its anchor in the recent severe storm and drifted out into Lake Champlain. It was brought back with some difficulty and is now held by a 300-pound anchor.

George E. Davis, who conducts a garage at Ilion, N. Y., came to Bennington Saturday and identified as his property a five-passenger Overland automobile stolen several months ago. As a result of the theft, the car was found in a garage at Ilion, N. Y., and was brought back to Bennington.

garage man's trip to Bennington, Thomas E. Donnelly finds himself the loser to the extent of a Ford truck and some boot money that he traded for the Overland.

The man who stole Daniel Hurley's automobile from the Carr & Juneau garage in St. Johnsbury about 10 days ago has been arrested in Boston, where he was trying to sell the car to one of the city garages.

INFLUENZA STOPPED STREET CARS

Brattleboro System Was Badly Handicapped.

Brattleboro, Oct. 11.—A peculiar feature of the influenza epidemic was the cessation of all traffic on the Brattleboro street railroad yesterday afternoon. The Twin State Gas & Electric Co., after a season of unusual difficulty on account of the inability to get needed parts, found itself with but two available cars, all the repair men being ill with influenza, and about 4 o'clock both these cars developed motor trouble and refused to go. Repair men could not be secured from the machine shops until this morning, and the cars were not started until this afternoon.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate!—Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.—Adv.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.—Adv.

Four Lines for 25c

The Times will publish Wants, Lost and Found, For Sale, To Let, etc.—short advertisements—at the rate of four lines for twenty-five cents for the first insertion and five cents for each subsequent insertion.
